Dear Sir:

Please amend this application as shown below.

In the specification

Replace the paragraph beginning at column 8, line 26 with the following:

The playing surface is divided into a plurality of discrete areas that are used for different wagering purposes. In one preferred embodiment, the table layout makes available twenty-five different wagering spaces or combinations. A player wagers on the outcomes of any selected roll of the dice by placing a wager in a space dedicated for the selected wager. The spaces or betting areas on the table correspond to all possible results or combinations of the two sets of three dice. The player wins the wager if the combination of the [two] symbols shown on the dice corresponds to the combination upon which the player wagered. Additionally, in the preferred embodiment, the individual combinations may be combined into other wagers, referred to as
